## Glossary

SMART	<p>SMART stands for:</p> <p><b>Specific:</b> Is the aim clear and unambiguous?</p> <p><b>Measurable:</b> What are the (measurable/observable) conditions which, when fulfilled, indicate that the objective has been achieved?</p> <p><b>Acceptable:</b> Is this acceptable to the target group and / or management?</p> <p><b>Realistic:</b> Is the goal achievable?</p> <p><b>Time-related:</b> By when must the goal be achieved?</p> <p><b>Example 1:</b></p> <p><b>Non Smart aim:</b> in order to increase the level of awareness, 90% of youth participants will participate in lessons on youth rights. This objective is not SMART because it is not specific, measurable or time-phased. It can be made SMART by specifically indicating who will do the activity, by when, and who will participate in lessons on youth rights and what will be the increased level of awareness.</p> <p><b>SMART aim:</b> By the end of the school year (2015), X NGO experts (2 experts) will have delivered 10 training session on youth rights to 90% of students of Y school in Adana and the level of awareness will be increased from 20% to 40%.</p> <p><b>Example 2:</b></p> <p><b>Non Smart aim:</b> Teachers will be trained on child labour. This objective is not SMART since it is not specific, measurable and there is no time-phased.</p> <p><b>SMART aim:</b> The level of knowledge on child labour of 500 high school teachers in X province will be increased from 50% to 90% by the end of 2016.</p>
Explanation on how to fill in the 'Risk assessment' field	<p>Identify the relevant risks in the context. Pay attention to regional/ethnic instability, institutional instability, the quality of governance, human rights aspects and other risks that could impede the achievement of objectives.</p> <p>Also pay attention to fraud and corruption – country level and specific risk of corruption to the activity.</p> <p>Please also provide explanation on how to mitigate mentioned risk factors.</p>
